EXPERIENCE

DevOps Engineer

Joules To Watts Solution Pvt Ltd   05/2025 - Present   Bangaluru

- Design, deploy, and manage scalable, secure, and cost-effective cloud infrastructure on platforms like GCP, AWS, or Azure.
- Build and maintain Continuous Integration and Continuous Deployment (CI/CD) pipelines to automate application delivery and ensure fast, reliable releases.
- Use tools like Terraform, Ansible, or CloudFormation to define and provision infrastructure in a repeatable and automated manner.
- Implement monitoring and alerting using tools such as Prometheus, Grafana, Cloud Monitoring, and optimize infrastructure performance and reliability.
- Work closely with developers, QA, and operations teams to automate workflows, troubleshoot issues, and streamline deployments for high availability and disaster recovery.

Cloud Engineer

Concentrix Pvt. Ltd   04/2021 - 05/2025   Bangaluru

- Cloud Technical Support Engineer at Concentrix Pvt. Ltd. from Apr 21 to Present
- Client Lenovo
- Experience with Google Cloud Platform, GCP infrastructure including Firewall, NAT CIDR, Routing, VPC
- Programming experience in Terraform
- Provide resolution for many critical issues
- Worked in Development and production support projects
- Knowledge in BigQuery, APIs, Cloud Functions and GitHub
- Understand the requirements, able to design and develop solutions independently
- Experience working in production support issues deployed on GCP
- Experience in migration projects involving GCP
- Hands-on experience on scheduler tools like NIFI, Control-M
- Extensive experience in developing SQL scripts
- Knowledge of GCP architecture
- Experienced in performing operations through scripts and terminal commands
- GCP Skills: Compute Engine, API Gateway, App Engine, GKE, Cloud SQL, Security, Data store, Big Query, Cloud Functions/Cloud Run, Google Kubernetes Engine, Container Registry - GCR, IAM, GCP Pub/Sub, Firewall Rules, VPC, Subnet, Load Balancers

EDUCATION

Google Cloud Architect Training

Edureka
2021 - 2022   Banglore

- Online from Edureka
- Banglore

Master in Network Administration + Cloud course

2021 - 2025   Google Cloud Online

Bachelor of Arts

Fakir Mohan University
06/2013 - 04/2016   Odisha

- R.I.H.S Bhograi(Fakir Mohan University)

Intermediate (12th)

Women's College
07/2011 - 05/2013   Bhograi, Odisha

SUMMARY

Results-driven Cloud & DevOps Engineer with 4.6+ years of experience in designing, automating, and optimizing cloud solutions on Google Cloud Platform (GCP). Proven track record of migrating 50+ systems to GCP, improving performance by 20%, and implementing 50+ Terraform scripts to streamline deployments, reducing release time by 40%. Expertise in Kubernetes, cloud architecture, and automation, ensuring high availability and security. Strong problem-solving skills with a focus on reducing incident resolution time by 30% and delivering scalable, efficient, and cost-effective cloud operations

SKILLS

Networking · Linux · Shell Scripting · Git GitHub · Docker · Jenkins CI/CD · Jira · GitLab CI/CD · Kubernetes · Terraform · Ansible · Monitoring · Dataflow · DHCP · DNS · GCP · CICD · Google BigQuery · Helpdesk · IAM · Intranet · AI · RDP · SMTP · SQL · VPC · VPN · AI Training · Active Directory · WAN · Gateway · Gmail · DevOps · API Gateway · SSH · AWS · EC2 · MS Office · API Gateway · TCP

KEY ACHIEVEMENTS

◈ **Enhanced Support Efficiency**

Reduced cloud support query resolution time by 30% through optimized solutions.

◈ **Infrastructure Automation**

Developed 50+ Terraform scripts for infrastructure, boosting deployment speed by 40%.
